

SPEED TRAINING 6

Before you begin this speed training exercise read the pages correctly to the student first. Use a stopwatch to time their daily attempts and record their results over 5 consecutive days.

The Helper says

Page 1

Teaching points

- Read the letter sounds separately “ohh – puh”. Then join the sounds together “op”. Then put the new sounds in front to make new words “top, pop, hop, mop”.
- Sight words. Ask your student to read them. Try to encourage reading by sight not sounding out using phonics.
- Number patterns in 10's, even and odd numbers.

Page 2

- These short stories will build on words your student has already learnt.
- Read these stories say to your student every time you see a full stop pause to clap your hands. If you see a comma pause to click your fingers.
- Get them to say “I can read.”
- **Student Errors** When a mistake or an error is made by your student quickly say the correct answer for them. They must then repeat the correct answer after you and then continue on with the timed exercise.
- **Praise and Congratulations** Always thank your student for their effort and perseverance in completing the task. Tell them “You did a great job. Well done” AND smile at them when you say it.
- **Record the Date and their Time on the Graph**

o-p o-p op op top pop hop mop
o-d o-d od od sod rod pod cod

A cat.

A big fat cat.

A big fat cat sat on a mat.

A big fat cat sat on a mat in a hat.

A big fat cat sat on a mat in a hat on a bat.

My dog.

My big log of a dog.

My big log of a dog and a hog.

My big log of a dog and a hog sit in a bog.

My big log of a dog and a hog sit in a bog with a frog.

The sun

The sun is fun.

The sun is fun, but it can be hot.

The sun is fun, but it can be hot when I run.

The sun is fun, but it can be hot when I run, so my hat is on.

I can read
